Up A Tree

Mr. Frank Sweet goes high up in a tree to get some traditional mistletoe for Christmas decorations.

The mistletoe was found in a large tree in front of the office building owned by Dr. A. A. Fratrick and Dr. J. A. Mathews on Court Street.

Veteran's News

Editor's Note: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q – I am to be discharged from the service soon, and am interested in applying for a GI home loan. Where do I obtain the necessary information and forms, and how can I prepare for it now?

A – Upon separation you will receive you DD Form 214. Send a copy of this separation form with a letter stating your intention to buy a house to the nearest VA office. You will receive a certificate of eligibility for a VA insured loan. The lending institution which finances your home will require a copy of the certificate.

Q – I received a General Discharge from the Army. Am I entitled to any GI Bill benefits?

A – Generally, this type of discharge entitles you to the same benefits as an Honorable Discharge. Apply at your nearest VA Regional Office.

Q – A veteran's widow receiving pension died on June 15 and had in her possession a VA check for the month of May. Is this check payable to anyone?

A – The check must be returned to the disbursing office which issued it. It may then be paid, upon submission of a claim to the nearest VA office, to any children entitled to VA death benefits, or, if no eligible children, then to the person or persons who bore the expense of the last illness or burial.

HOLIDAY SAFETY

Data shows that more driving accidents occur during the holidays then during comparable non-holiday periods. Highway deaths are higher during the winter than other seasons. An average of more than 750 Americans have died during the Christmas period each year since 1964 in motor vehicle accidents.

Drinking is involved in half of the fatal highway accidents. Because visiting is popular during the Christmas season, homeowners are advised to serve non-alcoholic drinks to guests making the rounds. You can still keep in the spirit of things by serving eggnog without spirits. Eggnog never killed anyone.

In a final word of warning, even the traditional Christmas plants can be dangerous and should be kept away from children.

Certain parts of holly, Jerusaleum cherry and Poinsetta can cause illness when ingested.

The berries of the romantic mistletoe can cause acute stomach and intestinal irritation, and people have died from "tea" made from them.

NOSING AHEAD

Dasher? Dancer? Santa's most famous reindeer today is Rudolph of the red nose, from the 1939 song by Johnny Marks.

We're sending mighty big Christmas wishes your way, with a hearty "Thank you" for your loyal support.
